

Your Information Pack

Here is the information from michelinman.com on your tyre search for :

Your selected tyre

MICHELIN Energy XM2

Passenger car

Michelin's latest generation of tyres made to deliver the best performance on Indian roads, offering a perfect match of safety, longevity and fuel efficiency.

Safety

Long lasting tread

Fuel Efficiency

All-season

Key benefits

Michelin always aims to bring together multiple performances.

At MICHELIN, we continuously push safety, durability and fuel efficiency, and even more performances, all at the same time and with no trade-offs. That's what we mean by MICHELIN Total Performance, which has and will always be our difference on every tyre.

Firm grip with the road surface which helps reduce the braking distance.

Stops up to 1.7 meters shorter¹

Exceptionally long tyre life

Lasts 28% more compared to the leading competitor in India²

Low rolling resistance contributes to fuel savings

22% reduction in rolling resistance when compared to the leading competitor in India²

Keep in mind

- If the tyre you've selected is not immediately available at your dealer, you can always ask them to order it. It may be available in just 1 – 2 days.
- Remember that a good price is not always a good value : a tyre that lasts longer, helps you save on fuel, and keeps you safe in every condition is a better value in the long run.

* Extra Load

OE [Vehicle Manufacturer] Sidewall Marking: MO = Mercedes-Benz, AO = Audi

When selecting an Original Equipment (OE) tyre size, note that the proper OE tyre size for the vehicle is determined by the manufacturer.

Serious or fatal injury may result from tyre failure due to incorrect selection, fitting, usage or maintenance of the tyres and incorrect tyre repair. Always consult Michelin tyre professionals for all tyre related queries.

Original Equipment sizes are based on the best information currently available to us. Kindly ensure that the tyre size matches with the OE specification and the load & speed index is equal or higher than the OE specification. If you are unsure what size is installed on the vehicle please check the size as listed on the tyre sidewall
